TRAINING ANNOUNCEMENT

COURSE: Crime Stats & NIBRS for the Police Executive

HOST: Casa Grande Police Department

DATE: June 12, 2019 8am-3pm

WHERE: Casa Grande Police Department

373 E Val Vista Blvd

Casa Grande, Arizona 85122

Reading a NIBRS report is one thing; articulating the numbers to those who ask about them is something entirely different. We teach you what you need to know to understand, explain, review, and report your crime statistics correctly. Learn why your crime analyst's numbers are always different than Records. Ensure that your agency stays out of the headlines and free of questionable crime reporting. Topics include:

- + Is your agency recording and reporting crime correctly?
- + Dealing with the media.
- + The difference between NIBRS stats and statute based stats.
- + Are your officers reporting multiple incident cases correctly?
- + Validating and presenting NIBRS stats.
- + How are crimes counted?
- + How are cases cleared?
- + Arrests vs. clearances.
- + When can you really exceptionally clear a case?
- + Learn the most common causes of erroneous stats
- + Get extensive e-course material with the class

"I attended the Crime Stats and UCR for the Police Executive seminar. As with the others, the class was very informative. Thanks for another great class!"

"Records management seminar is a must for anyone who deals with records--very informative class, and extremely knowledgeable instructor. Send your employees--it's worth every penny."

Sunrise Police Dept.

"We thoroughly enjoyed the style and presentation of this class. It was easy to understand and the instructor made the class entertaining. Never a dull moment."

"The class was great. We just want to thank you for all the information. I have been to other trainings, but I can say this training has been the best I've ever been to."

University of the Pacific Police Dept.

"The seminar was outstanding, I hope to make some changes here in my department with some of what I have taken away from this class."
